

### Profile of Undergraduate Program in Physics

1	Awarding Institution	Universitas Indonesia	
2	Teaching Institution	Department of Physics, Faculty of Mathematics and Natural Sciences	
3	Programme Title	Undergraduate Program in Physics	
4	Class	Reguler and parallel	
5	Final Award	Sarjana Sains (S.Si)	
6	Accreditation	BAN-PT: A (valid until November 2018)	
7	Language of Instruction	Bahasa Indonesia	
8	Study Scheme	Full Time	
9	Entry Requirements	Senior high school and pass the entrance exam or meet the invitation scheme criteria	
10	Length of study	Designed for 4 years	
11	Graduate profile	The graduates of UPPh have strong background and understanding in Physics in general as well as in one of the following five concentrations: Theoretical Nuclear & Particle Physics, Material Physics, Condensed Matter Physics, System & Instrumentation Physics, and Medical Physics & Biophysics; and are capable to develop career in industries as well as to pursue higher degree education in Physics and related fields.	
12	Classification of Courses	Credits	Percentage (%)
	University Compulsory Courses (UCC)	18	12.5
	S&T Cluster Compulsory Courses (STCCC)	2	1.4
	Faculty Compulsory Courses (FCC)	8	5.6
	Program Compulsory Courses (PCC)	90	62.5
	Concentration Courses (CC)	26	18.0
13	Total Credits	144	100
